Subject: Revised patent application

Brad,

Thanks for the final redraft of the patent application. I am in agreement with the document, and note only several small typos:

✓ Par. 22, Line 2: The reference number should be "805" rather than "804"

✓ Par. 43, Line 2: Strike the words "in Boston", as this is not part of the title

✓ - Par. 72, Line 2: There should be a space between the words, "ofFIG. 10" and "ofFIG. 11"

✓ I trust that you will make the change that we discussed to FIG. 15 (to add Phase III to 1501).

I will sign and date the declaration and assignment and fax them back to you for filing at the PTO, and presume that the application can be filed today. Thanks for your assistance in finalizing this document.
